HOW WE DO IT?

Our Non-Intrusive Sensors are strategically placed around the house or in a care facility.

'The Heart' of Products is our simple and easy-to-use tablet-based application, which monitors, detects and alerts loved ones or care-givers of abnormal events.

Our Companion Mobile Apps, provide loved ones and care-givers to be notified of activities that occur in the seniors household.

TRANQUILITY

Lifestyle Solutions

SERVICED TECHNOLOGY THAT PROMOTES GREATER LIFESTYLE CHOICES AND LIVING IN PLACE

Introducing our cutting-edge 4D RADAR TECHNOLOGY

Contactless Sensors based on an advanced Radio Frequency technology which creates hyper accurate, high-resolution point-cloud images of any activity to detect abnormal situations within a household.

PRIVACY IS STRICTLY GUARANTEED

- NO CAMERAS
- NO WEARABLES
- NO PENDANTS

FALL DETECTION

Preventing falls is the most important thing for seniors and their health. Our non-intrusive fall detection sensor monitors, detects and alerts loved ones of these occurrences within their household.

Peace of Mind FOR SENIORS, CAREGIVERS AND LOVED ONES

Our products allow you to monitor the safety of your Seniors through our compatible Mobile Apps without any intrusion on their privacy and daily activities.
